The PPOplus Network

As your Preferred Provider Organization (PPO), PPOplus offers a comprehensive network of the most respected healthcare providers across the state. PPOplus is not an insurance carrier; therefore, questions about your policy or benefits should be directed to your insurance carrier at the phone number on your health insurance identification card.

In order to ensure that you receive the benefits of being a PPOplus member and for your health insurance claims to be processed for payment promptly; it is essential that you present a current health insurance identification card when you access medical services from your provider.

Easy steps for using PPOplus:

STEP 1

Be sure to select a provider that is in the PPOplus network in order to receive the highest level of benefits. For your convenience, the most current directory can always be found by visiting our website at www.ppoplus.com or by calling 888-965-1180.

STEP 2

When you schedule an appointment, verify the provider's participation in the network.

STEP 3

When you arrive for your appointment, present your current health insurance identification card. Without this information, the provider will not be able to file your insurance correctly thus delaying the processing of your claim. Be prepared to pay any co-payments or deductibles that are required by your health benefits plan.

STEP 4

Always ask your provider to help you select a provider that is in the PPOplus network, if additional medical services are necessary. Verify with your insurance carrier whether the medical services you are seeking are covered by your health benefits plan. You will be responsible for payment if you elect to receive medical services that are not covered by your plan.

Please Note:

The listing of health care providers participating in the PPOplus directory is subject to change. The listing in this directory is as accurate and up-to-date as possible at the time it was printed. The most current listing of PPOplus providers can be found by checking our website at www.ppoplus.com or by contacting Customer Service at 888-965-1180.

PPOplus has preferred provider arrangements with certain Ancillary Providers for statewide coverage throughout Arkansas. You may access services from these providers as part of the PPOplus network anywhere their services are offered in the state.

Please contact the providers listed below to verify the availability of services in your area.
